

# Porta Nuova Varesine Parking Management

**Main expertise:** ????

**Other expertise:**

**Sectors:** ?????

**Location:** Milano

**Year:** 2011

**Client:**

Varesine Business District, within Porta Nuova development, with its three buildings designed by KPF and Arquitectonica, with strong and elegant lines, has become an icon in the Milan marketplace and a new symbol of technology and innovation in Italy.

The complex includes 41.000 sqm of offices, 33.000 sqm of residential, 7.000 sqm of retail, 3.000 sqm of cultural centre and 2.000 car park spaces.

## Our contribution:

MIC, within its consultancy services, developed the car park management system, using the most modern technologies to manage the accesses and the internal circulation of both the public and private car park as well as the loading area.
